

Events Policy

For safety reasons, we only serve food that is purchased and prepared by the center or provided by a child's own parent/guardian. Please do not bring or offer food for children other than your own.

In addition, our center does not observe secular holidays or birthday celebrations. Because families come from many different backgrounds and beliefs, we avoid activities tied to specific holidays to ensure no child or family feels excluded.

Instead, we host fun events throughout the year such as costume days, class parties, bouncy house days, and other special activities for the children to enjoy.

Thank you for your understanding and cooperation.
